HE WASON-SLIDELL AFFAIR

England Preserves her WARLIKE ATTITUDE

Spirit of the French and British Press

(From a late copy of the St. Louis Democrat, (the we take the following important news: Halifax, December 21.—The steamer Amer ica, from Liverpool the 7th, via Queenstown the put in here this morning, short of coal

Her dates are two days later. The warlike sentiments and preparations were If this is refused, Lord Lyons is to leave Washunabated. A large anti-war meeting had, how-The British government had sent a letter apving the course of Commodore Williams, the

all agent aboard the Trent. The Paris papers assert that the British gov ernment, in answer to petitions from the Manchester districts, had stated that the cotton ports of the Southern States would be opened by February at the latest. The British Parliament had been further prorogued until the 7th of January.

It was stated that an order for the purchase half a million quarters of wheat had been sent to the Black Sea ports, from London, within the Inst four days for present and future use. The British frigate Warrier, was taking 760 tuna of coal preparatory to service on the North American coast. A considerable number of additional troops were to be sent to Canada. The French journals say that France will rein neutral in the event of a war between Epuland and the United States.

The Hero, carrying 86 guns, was to leave Porosmouth on the 18th, for the North American The ship Silas Greenman, for New York, havng 1000 runs of lead on board, was stopped in

ran in about one-fourth of a mile further. Durng the time that our boat was out sounding. everal of their shots came very near it, but foranately none hit. We now again opened fire from our broadside guns, and this time to some urposa. Almost every shot told, and there just have been a fearful scattering of pieces, as ur shells exploded over their heads. I do not ink there was ever any target practice in the nvy that can show such a record of effective shot The rebels were constantly throwing shot at us nd seemed to be either increasing the charge of owder or else getting more elevation, for the of gradually came nearer, though it was not til late in the afternoon that we were struck twelve o'clock both the Richmond and ingars, together with the guns bearing from ort Pickens and Battery Scott, were all playing to Fort McRae and its surrounding batteries

ot think it did much execution, as most of he shot were seen to fall short. About five o'clock she hauled out.

At two o'clock a shell from one of our guns set fire to a frame house in the rear of McRae, and much of the time the fort has been enveloped t their flagstaff was shot away, and the symof treachery came down by the run. Subsemently it was raised again. About three o'clock one or two shots passed

ver us and dropped into the water, and by the note which they sang as they passed we knew that they had turned some heavier metal upon us Two or three of our guns-wars directed to the spot whence the smoke was seen to insue, and i key treated us to music we returned the complinent with inserest. They succeeded in planting two shots in our sides, making rather ugly holes and upsetting things in one of the leatenant's rooms. By six o'clock we must have dismounted he gun, for at that time McRae ceased firing altogether, and for one hour and a half we tum-bled shell after shell inside of her walls without reaking up the railroad from the vicinity of that any response. We could hardly believe that we had silenced them so soon, but thought that they must be at work preparing some larger gun for our benefit.

SECOND DAY'S DISPATUE. Fort Pielcens opened fire a little after ten.

a meeting was to express in every variety of withdrew my command, by way of the turn- of us. Immediately there came another and case sympathy with America. It is quite natipike, two miles and a half, and took position to then another, and while they came over us thick

new gun came directly over our quarter. It would have hored us through and through. We got out of their range at last, and then we had the satisfaction of watching the grand conflagration. If the wind changes and we can get

FEDERAL REPORTS OF THE ROM-BARDMENT AT PENSACOLA. An officer on board the Ningara gives the folwing account of the part taken in the fight by

he Niagara and Richmond: steam all ready to move in at short notice. coming down to the Navy Yard, little suspecting that their doom was sealed. In a very short ment of the same, coming from whatsoever time they were fast to the dock, and at just source it may; and whereas, it is made known and it ever a ship's anchor came up lively, it as such commandant, assumed without lawful was ours then. In order to bring our guns authority, to lay an embargo upon the lawful within range, it was necessary for us to run into trade and commerce of the good people, citizen very shoal water, and consequently it required of the State of Arkansas, from its confines upon the utmost caution in working the ship. Even the Red river, to the remotest corner and parce with a perfectly smooth sea there would be only of the republic. And by said proclamation or twenty inches of water under our keel, and if it general order, has forbidden the exportation or was necessary for us to have the ship in such a of the various staple commodities and products position that we could easily run into deeper of the country-many of which articles water. While working our way in the Rich among the good people in superabundance, and

within range. She passed by us, took up a posi-tion nearer to the land, and opened fire. We and well being of themselves and families. kept on steadily until we thought that we were And whereas, also, the said commandant, it within range, and then came to anchor. Our first shot was from the eighty four pound ified, and it told with very good effect. The next was from an eleven inch gun, but it fell avocations of trade, if found offending against short. A few more were fired, but with much his general order, shall, by the military authority the same result. Finding that we were too far

We averaged one shell every three minutes, an is the Richmond had more guns, though smaller, and more than our number of guns were being served from Santa Rosa, there were about tw shells each minute being fired at this point.

About one o'clock a firing commenced from masked battery which disclosed itself in the woods along the shore, and about a mile south f Fort McRae. They seemed to have a peculiar spite against us by the pertinacity with which they fired at us; but finding that they could not meh us, they turned their attention to the Richond, which was pearer in shore. Many of heir shot can e very close to the latter, and had hey been well directed, would have done a great eal of damage. Only one took effect, however nd I regrei to record that this killed one man and wounded seven. The man killed was cap tain of the gun, and was in the act of taking aid when struck. The wounded were but slightly hurt. The battery of the Richmond was now ought to bear upon the hidden rebels, but I d

We ceased firing at half past five, it having a wall. The shots which struck us proved to be from an eight inch columbiad. At six o'clock wgot up anchor and stamed out to a select archor-age, and deer all hards began to find out too. they were very tired and hungry. All begrimm

wonsy pounds, five more than the regular charge, and finding that the did us no good, we weighmoved out a long distance, several shots of this could have been no other than a ten-inch columibind, or else one of the rifled 120-pounders said to have been brought over by the Bermuda. One It is stated that evidence will be laid before the killed and left on the ground; wounded—unof our men says he could hear it say "secesh, unopean governments that the blockade of the outbern ports is ineffectival, and consequently were too badly wounded to be moved, and were water. Had one of the secesh villains kit us, it

in, we shall give them an opportunity to try guns again on Monday. We have fired about seventy-five shells to-day. No one has been A Startling and Improbable Order from
